

Dear Reader,

Now that we have almost 2 years of the pandemic behind us it is time to start a new edition of the IC Circular.

There are not that many papers in the review process, so I strongly encourage you to submit a paper for peer-review.

A big Thank you! goes out to the reviewers who take time out of their busy schedules and review the papers.

A number of quite interesting papers were presented at the IC conference in Greece. Why don't you send in your manuscript in for peer-review?

The first article of edition number 13 of the IC circular is about Modern Graphic Design as phenomenon of a social communication. It is an interesting read, so please have a look.

The best part of my position as editor is that I get in touch with people in many different parts of the world. It is nice to work with them across different time zones and fields of interest.

Don't hesitate to send me your manuscripts via email to mhabekos@ryerson.ca. You can write to me in German or English, but your articles need to be in English.

Best regards,

Martin Habekost
