

Dear Reader,

I am happy to present you with the fourteenth edition of the IC journal.

It has been a while since the IC was updated. This has to do with two things. One is that paper don't get submitted to me every day and the review process also takes a while.

I am very grateful to all the reviewers who support the IC journal with their work. A big thank you to all reviewers for the current issue and those who supported the journal in the past!

This issue starts with two articles. One is about switching back and forth between conventional and UV inks on an offset press and the other is about teaching soft skills in the Graphic Communications classroom. Both are an interesting read. Other articles are in the pipeline of the review process.

Don't hesitate to send me your manuscripts via email to mhabekos@torontomu.ca. You can write to me in German or English, but your articles need to be in English.

Best regards,

Martin Habekost, Dr. rer. nat.
Editor of the IC Journal
